

## **Franchise Terms and Agreement Immaculate Heart Rosary Weapon and Third Temple**

Franchising is defined by three things- the use of common name, providing operating and marketing support and payment of a fee.

1. **Immaculate Heart Rosary**-The Blessed Mother, Our Lady of Guadalupe created, designed and named the Immaculate heart Rosary given in 2021, which contain the three sacred items in the temple.
2. **Operating Assistance**-will be provided to each Immaculate Heart Rosary team which will include marketing material, manuals, educational material and collateral items as necessary.
3. **The Payment of the Fee** was provided by Our Lord Jesus Christ upon the Cross. The Blessed Mother, who offered her profound "yes" as co-mediatrix in humanity's salvation plan, shared in the suffering of her Son and has paid the ultimate price for all who seek refuge in her ark.

**Franchise is Distinguished From Others:** -The Immaculate Heart Rosary, gifted by Our Lady of Guadalupe in 2021, stands apart from traditional rosaries in profound and meaningful ways. Both the Lord and Our Lady foresaw that the faithful, already devoted to her Marian movement and the practice of praying the rosary, would recognize its deeper, hidden symbolism. This rosary represents both a spiritual weapon and a sacred temple, inspiring believers to unite in her mission. Through this understanding, they would come to see that all missions initiated under her guidance are aligned with the Will of God, preparing them for the ultimate battle of faith.

**Manuals and Programs** –Each Franchise Coordinator will undergo comprehensive training, including video tutorials, audio sessions, and one-on-one mentorship with experienced leaders. This training will cover the mission guidelines, marketing materials, operational framework, and the full functionality of the website. Additionally, they will have the autonomy to evaluate and onboard new members, selecting participants to join their prayer cenacles through discernment. Customized manuals are created for each continent and tailored to specific languages based on the **Franchisee's request**. These manuals are developed by the website leaders to ensure consistency and are made accessible within the respective continent for group use.

**Free Conference Call-Continent Cenacle Lines**- A franchisee can choose from any available time slot open on the Free Conference Call Line. They may choose as many as they feel they determine can effectively establish. Meaning for one week-3 people a time slot = 21 members ideally. Once the franchisee and their prayer leaders are trained they will receive the Free Conference Call information and pass codes.

**Goal: to establish an hourly prayer schedule 24/7 with three prayer hosts daily.**

**Signal Lines:** These will be used for daily communication as guided by the Lord, who is sending His "Signal" to those ready to receive it. The Signal app is available for download. If you require

any help with installation or usage, feel free to request assistance. Please note that Whats App or other chat applications are not permitted for this purpose.

**Training Videos**– All training videos will be available on the website, organized by continent. If your language is not currently available, we will collaborate with the Franchisee to create the necessary materials. Have suggestions for educational content? Feel free to reach out to your continent coordinator.

**Online learning systems** –You may be required at times to participate in mandatory training via FCC or signal.

**Marketing**-All marketing material will be provided by language. We welcome any new suggestions. All approved material will be available on the website for downloading.

The Lord and Our Lady are calling the faithful to rise to a significant challenge. Those recruited will face intense spiritual battles, as this stands as the final stronghold between the current age and the coming era of Peace. Knowing his time is short, Satan will relentlessly attempt to hinder and derail this mission. Yet, what is anointed by the Lord will undoubtedly prevail.

**Agreement**- We are committed to upholding these standards. Should you have any questions or concerns, please reach out to your designated continent coordinator for guidance. These materials have been created to ensure the message of the Lord and Our Lady remains consistent and unaltered. Altering, modifying, reinterpreting, or sharing anything beyond what has been approved and published on this website is strictly prohibited. We deeply appreciate your cooperation and faithful dedication to ensuring that His plan and divine will are fulfilled.
